<p>When growing plants with reverse osmosis water or in coco media use a minimum of 5 mL of Cal-Mag Plus during the first two weeks.            For best results, foliar feed plants weekly with 7mL / gal Pure blend Pro Grow or Liquid Karma at 10-15 mL / gal.            *Use Clearex every reservoir change or every 2 weeks.            All amounts are mL / gal.</p>
